## Assemblyman Bill Berryhill Spearheads Republican Caucus Launch of “California Jobs First” Website

SACRAMENTO – **Assemblyman Bill Berryhill** and the Assembly Republican Caucus launched a website today at: [www.CAJobsFirst.com](http://www.CAJobsFirst.com) focused on the need for all California lawmakers to place job creation and retention at the top of the legislative agenda in 2010.

Its all part of Assemblyman Bill Berryhill's top priority of creating a jobs friendly environment in California.

*“We are sitting today on a statewide unemployment rate of better than 12 percent. That is unacceptable for all of Californians,” **Assemblyman Bill Berryhill said.** “We lost over 600,000 jobs in California over the last year alone. It’s very disturbing, and a bad trend that needs to be turned around.”*

The California Jobs First website is full of resources, including:

- Resources for job seekers;
- Videos on California's jobs problems;
- State jobs news and employment statistics;
- Examples of government policies that kill jobs;
- Solutions to help create jobs and stimulate economic growth;

One of the most important aspects of the [www.CAJobsFirst.com](http://www.CAJobsFirst.com) website is a jobs survey that allows respondents to weigh in on their jobs situation, personal experiences, and recommendations to bring jobs back.

*“We have a lot of skilled labor in the Central Valley, we just need the jobs. We’ve lost so many manufacturing jobs over the last several years,” **Assemblyman Bill Berryhill said.** “We need to put those people back to work by focusing on jobs here, jobs now and jobs today.”*
